CAPMAN INVESTS IN SOLERA NORWAY AS

We are happy to announce that CapMan has invested in our Norwegian partner Solera AS. For Sweden and PrimeWineGroup this means that we have a new and dynamic partner in Capman. Stefan Norberg remains CEO for the group and will be based in Norway.

The founders and shareholders, Henrik Björck, Peter Stern and Filip Grufman remain as partners and will continue without any change to be part of the day-to-day business in Sweden.

“With Capman as a partner we will be able to continue our growth together with existing partners around the world”, says Henrik Björck.

Please find below Capman’s and Solera’s press releases.
